Shelfmark	Composer	(Short) Title
<u>Mus.Hs.17838</u>	Salieri, Antonio	La fiera di Venezia
Notes	-	

Some pages of this score were inserted later, most probably due to adaptions in connection with the Viennese revival of the opera in 1785. Three copyists and two papers have been identified as belonging to this later time layer: The copyists WK72L, WK72Q, WK72G as well as the papers P17, P27. They all appear only in one further score examined in the P&C project: another manuscript of Salieri's "La fiera di Venezia" (KT 157), which can be attributed as a whole to the revival of the opera in the mid-1780ies. Further evidence for a later origin of the papers P17 and P27 can be found in their watermarks. They both show the letters REAL, a way of indicating the size and weight of the paper which was used starting from 1774.
