Following the great response to the first edition of isaOperaVienna last year, this successful format will be continued! The singers’ course of isa14 will be embedded in the production of Mozart’s entire “Da Ponte” cycle and the young singers will have coaching in opera stage performance in addition to the singing lessons, while also having the opportunity to benefit from additional workshops on body work and auditioning. isa14 participants are also eligible for selection to participate in the 2nd International Otto Edelmann Singing Competition – Vienna and may be chosen to perform with orchestra at the exceptional baroque theater Schlosstheater Schönbrunn, where both Haydn and Mozart once performed.
